Winding Engine to run?

(A small donation is welcome)

Time Engine requested to run

Other comments:

Return your booking form to the address above. The Winding House will contact you to confirm the booking. Group bookings are not confirmed until done so by the Winding House.

Please note that the historic winding engine is run and maintained by the Winding House Engine Volunteers. Unfortunately, the running of the engine cannot be guaranteed for every group booking as this is dependent on Volunteer availability.

Thank you for your understanding.
